

SAMBA®

12 x 6 Trainer Goal

With locking system
(366cm x 183cm)

Assembly and Safety Instructions

IMPORTANT SAFETY INSTRUCTIONS

1. Always inspect the goal post and net for defects before use and replace damaged parts.
2. Do not use the goal with faulty parts.
3. The goal must always be secured to the ground. Weights to be used on hard surfaces, ground anchors on grass.
4. Never climb on the net or goal frame.
5. The goal must never be used without the net fitted.
6. Please adhere to the safety instructions at all times. Refer to the Football Association website (www.thefa.com) and British Standards for the recommended safety procedures.
7. When the goal is not being used, dismantle and store in a secure area.
8. This goal has been independently tested and complies with **BSEN71 parts 1 & 3**.
9. Warning. Not suitable for children under 3 years old due to small parts i.e. quick clips "Chocking hazard" and length of cord "Strangulation hazard".
10. It is recommended that the goal is assembled by an adult.

Routine visual check

A routine visual check should be carried out before each use.

The routine visual inspection enables the identification of obvious hazards that can result from vandalism, misuse or general deterioration.

Examples of visual inspection:

- damage to the goal frame
- lack of / insufficient anchorage or stability equipment
- damaged or missing fixings
- damaged nets / damaged or missing net fixings
- correct attachments of net to the goal frame

Method of anchoring

Anchors to be inserted at 45 degrees.

1. Hold anchor at approximately 45 degrees.

2. Final position, tube anchored to the ground.

Assemble following the steps below

Before starting assembly lay all the components out on the ground and check they correspond with the parts list.

Step 1

Assemble the base with the part no's shown, sliding and locking the parts together.

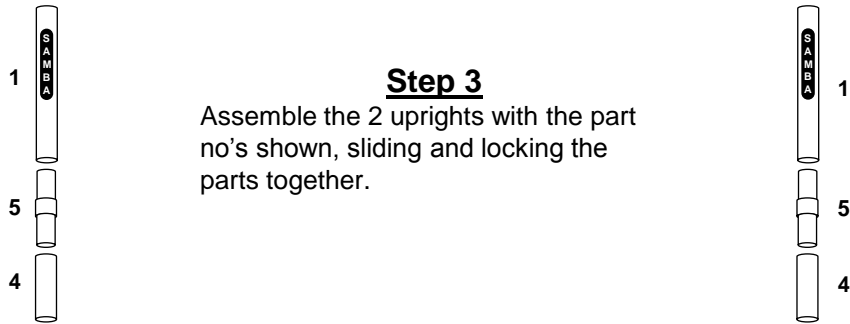

Step 2

Assemble the crossbar with the part no's shown, sliding and locking the parts together.

Step 3

Assemble the 2 uprights with the part no's shown, sliding and locking the parts together.

Step 4

Assemble the tension bars with the part no's shown, sliding and locking the parts together.

Step 5

Fit the uprights to the base.

Step 6

Fit the crossbar to the uprights.

Step 7

Fit the tension bars to the back of the goal, **ALWAYS FIT IN THE TOP FIRST.**

Step 8

Fit the net, with colour cord to the top. Start by fitting the net to the top corners first, wrapping the net round the posts and fixing with the clips.

Step 9

Securely anchor the goal to the ground using the anchors provided, use the arrows for guidance. On hard surfaces use 18Kg weights as shown.
